

The background of the slide features a dark blue night sky with a bright, glowing full moon at the top center. Below the moon, the silhouette of the Temple of Heaven in Beijing is visible, showing its traditional Chinese architecture with multiple tiers of eaves. The title text is overlaid on the upper half of the image.

China's Anti-Corruption Information Campaigns

Dr. Gu Yueren

Budapest Mar.19th

I.Introduction

II.Integrity Education for Public Servants

III.Raise Public Awareness,Create
Culture of Integrity

IV.Public & Media Supervision

V.International Cooperation

Introduction

Principle:

- address both the symptoms and the root causes
- take comprehensive measures
- combine punishment with prevention while focusing on the latter

Introduction

Established:

- long-term mechanism of education
- system of combating corruption and building a clean gov't
- monitoring mechanism

I. Put Anti-Corruption Information Campaigns into National Anti-Corruption Strategy

System of Punishing & Preventing Corruption

- Integrity Education for Civil Servants
- Make More People Know & Participate in Anti-Corruption
- Foster a Culture of Integrity

- With the guide of “Establish and Complete A System of Punishing and Preventing Corruption (2008-2012 Work Plan)”, China has organized a series of distinctive and influential publicity and education activities and achieved good results.
- A new five-year work plan, 2013-2017 Work Plan on Establishing and Completing A System of Punishing and Preventing Corruption will be issued very soon.

Education & Publicity on Anti-Corruption

II. Promote Education for Public Servants on Clean Governance in A Regular and Extensive Way

- 1, makes educating public servants in state laws and regulations a routine work in anti-corruption education.
- The Politburo of the CPC Central Committee regularly organizes group studies of the law, which has played an exemplary role in enhancing the legal awareness of the general public, especially Party members and public servants. It has now become a rule for state organs to hold group studies.

The group study of Politburo of the CPC Central Committee

- 2, China attaches importance to education and training in integrity among public servants, fortifying in them the ideological and moral defense line against corruption.
- The Regulations for Cadre Education and Training (Trial) and a nationwide plan for cadre education and training have been worked out, which designate education in performing official duties with integrity as a key content of such education and training.

- founded China Academy of Discipline Inspection and Supervision in which more than 86,000 personnel has been trained since 2007.
- 3,emphasizes the demonstrative education with examples and admonishing education.

Admonishing Education

III. Raise the Public Awareness of Anti-Corruption and Create A Culture and Social Atmosphere of Integrity

- 1, carries out the integrity education in the whole society and perfect the public participation system in combating corruption
- "Lock the power in the system cage"
- "combating corruption not only targets small flies but also big tigers"

education among youngsters in integrity

- set up special organs to handle letters and calls of complaints as well as opinions, suggestions and accusations from the people. The Criminal Law, Criminal Procedure Law and Administrative Supervisory Law and other laws and regulations have clear stipulations to protect whistleblowers, confidential informers as well as the punishment to anyone who retaliates the informant.

public participation in anti-corruption work

■ 2, Make gov't, state-owned enterprises, institutional, village affairs public

- implements the systems of making government affairs, factory affairs, village affairs and the management of public enterprises and institutions affairs public
- Launching the important statutory documents such as the public Regulations on government information of the People's Republic of China

- ensure in accordance with the people's rights to know, participate, express and supervise

- 3,devotes major efforts to promoting the integrity culture construction, advocating the social moral values honoring integrity and disgracing corruption.
- the “Opinions on Strengthening the integrity culture Construction” has been worked out to promote the culture of integrity in offices, communities, households, schools, enterprises and rural villages

- **“Honest Guangzhou”**
- on International Anti-Corruption Day in Guangzhou gathered the representatives from all sectors of society to read the proposal and called on the whole society to be the supervisors of the integrity construction.
- Guangzhou Fuda Tianhe Hospital issues an iron law of “No red packet, kickback and invitation for meals”
- Guangzhou Oupai Group specially edits the “anti-corruption manual” to every worker for building a integrity company culture actively

- Foster integrity culture & atmosphere

烈山区廉政之声节目开播

- organized a selection and broadcasting of non-profit advertisement creation on the integrity. Many famous figures including Yao Ming participated in shooting ads and those ads were broadcasted through TV stations, public transport facilities including railway, airplane and subway

Yao Ming acts in anti-corruption public service announcement

以廉为荣 | 以廉为美 | 以廉为荣 | 以廉为荣

不要 只做手势 **不办实事**
SET A GOOD EXAMPLE AND PERFORM DUTIES HONESTLY
以 身 作 则 廉 洁 奉 公

《中国共产党党员领导干部廉洁从政若干准则》漫画展之二

1-4、以交易、委托理财等形式谋取不正当利益；

1-5、利用知悉或者掌握的内幕信息谋取利益；

1-6、违反规定多占住房，或者违反规定买卖经济适用房、廉租住房等保障性住房。

禁止利用职务职权影响谋取不正当利益篇(二)

- Building the integrity culture square, blocks or theme parks and the integrity culture sites integrated with the natural and cultural landscape

- **integrity Olympics**
- the Beijing Olympic Games has a complete success in 2008. In order to take advantage of the supervision experience used in the preparation of the Olympic Games, Beijing government constructs a theme culture park on integrity Olympics in the Olympic Forest Park, which receives over 20,000 tourists in only 5 months

Integrity Olympics Theme Culture Park

- IV. Strengthen Public & Media Supervision
Make Good Use of Internet

- News media are encouraged to expose variously unhealthy tendencies and the violations of laws and disciplines of the Party and government organs as well as their functionaries.
- network monitoring is becoming an emerging way of public opinion supervision ,featured in fast response, large impact and wide participation.

- improving the report website receiving mechanism and clues utilization and the feedback system to provide a convenient and unimpeded channel for citizens to use the network exercising the right of supervision

netizens' supervision

- Setting up a good website for anti-corruption publicity. The website of National Bureau of Corruption Prevention has been named as the most influential government website in China for four consecutive years.
